MOROCCO'S GROWTH IS DRIVEN BY DOMESTIC DEMAND AND PUBLIC INVESTMENT, MAKES IT A GREAT PLACE FOR TRADE

MAROC STONE is a world class event in Morocco in the natural stone sector, one of the most stable markets in the world. The first two editions served as the first unifying space for professionals in the mining industry, to establish exchanges and opportunities which will allow all exhibitors and visitors to clearly grow equitable business relationships.

ATTENDEE COMMENTS

“Morocco benefits from a particularly strong and dynamic economy and provides attractive trade opportunities with a high potential for the development of the construction industry. Morocco Stone Fair offers a wide range of product groups.”

“Morocco has become a competitive destination in terms of quality and costs of stone and machinery. In Morocco, international trade can be realized in competitive prices and the logistic services are relatively efficient. We have made good relations here.”

TOP 7 REASONS TO ATTEND

“We were attracted to Morocco for a wide range of reasons. Firstly, its political stability is very important for us. The encouragement that the government gives to trade by having free trade agreements with many different countries. This fair is the right place to enter the market.”
